

Clearly Erroneous Review Requests

Rule 7.10. - Clearly Erroneous Executions

The provisions of sections (c), (e)(2), (f), and (g) of this Rule, as amended on September 10, 2010, shall be in effect during a pilot period until January 31, 2012. If the pilot is not either extended or approved permanent by January 31, 2012, the prior versions of sections (c), (e)(2), (f), and (g) shall be in effect.

(a) *Definition.* For purposes of this Rule, the terms of a transaction executed on the Corporation are "clearly erroneous" when there is an obvious error in any term, such as price, number of shares or other unit of trading, or identification of the security. A transaction made in clearly erroneous error and cancelled by both parties or determined by the Corporation to be clearly erroneous will be removed from the Consolidated Tape.

(b) *Request and Timing of Review.* An ETP Holder that receives an execution on an order that was submitted erroneously to the Corporation for its own or customer account may request that the Corporation review the transaction under this Rule. An Officer of the Corporation or such other employee designee of the Corporation ("Officer") shall review the transaction under dispute and determine whether it is clearly erroneous, with a view toward maintaining a fair and orderly market and the protection of investors and the public interest. Such request for review shall be made in writing via e-mail or other electronic means specified from time to time by the Exchange in a circular distributed to ETP Holders.

(i) *Requests for Review.* Requests for review must be received within thirty (30) minutes of execution time and shall include information concerning the time of the transaction(s), security symbol(s), number of shares, price(s), side (bought or sold), and factual basis for believing that the trade is clearly erroneous. Upon receipt of a timely filed request that satisfies the numerical guidelines set forth in Section (c)(1) of this Rule, the counterparty to the trade shall be notified by the Corporation as soon as practicable, but generally within 30 minutes. An Officer may request additional supporting written information to aid in the resolution of the matter. If requested, each party to the transaction shall provide, within thirty (30) minutes of the request, any supporting written information. Either party to the disputed trade may request the supporting written information provided by the other party on the matter.

(ii) *Routed Executions.* Other market centers will generally have an additional 30 minutes from receipt of their participant's timely filing, but no longer than 60 minutes from the time of the execution at issue, to file with the Exchange for review of transactions routed to the Exchange from that market center and executed on the Exchange.

(c) *Thresholds.* Determinations of a clearly erroneous execution will be made as follows:

(1) *Numerical Guidelines.* Subject to the provisions of paragraph (c)(3) below, a transaction executed during the Core Trading Session or the Opening and Late Trading Session shall be found to be clearly erroneous if the price of the transaction to buy (sell) that is the subject of the complaint is greater than (less than) the Reference Price by an amount that equals or exceeds the Numerical Guidelines set forth below. The Reference Price will be equal to the consolidated last sale immediately prior to the execution(s) under review except for: (A) Multi-Stock Events involving twenty or more securities, as described in (c)(2) below; (B) transactions not involving a Multi-Stock Event as described in paragraph (c)(2) that trigger a trading pause pursuant to Rule 7.11(a)(i) and subsequent transactions, as described in paragraph (c)(4) below, in which case the Reference Price shall be determined in accordance with that paragraph (c)(4); and (C) in other circumstances, such as, for example, relevant news impacting a security or securities, periods of extreme market volatility, sustained illiquidity, or widespread system issues, where use of a different Reference Price is necessary for the maintenance of a fair and orderly market and the protection of investors and the public interest.

Clearly Erroneous Review Requests

Reference Price, Circumstance or Product:	Core Trading Session Numerical Guidelines (Subject transaction's % difference from the Reference Price:	Opening and Late Trading Session Numerical Guidelines (Subject transaction's % difference from the Reference Price:
Between \$0.00 and \$25.00	10%	20%
Between \$25.01 and \$50.00	5%	10%
Greater than \$50.00	3%	6%
Multi-Stock Event - Filings involving five or more, but less than twenty, securities whose executions occurred within a period of five minutes or less	10%	10%
Multi-Stock Event - Filings involving twenty or more securities whose executions occurred within a period of five minutes or less	30%, subject to the terms of paragraph (c)(2) below	30%, subject to the terms of paragraph (c)(2) below
Leveraged ETF/ETN securities	Core Trading Session Numerical Guidelines multiplied by the leverage multiplier (ie. 2x)	Core Trading Session Numerical Guidelines multiplied by the leverage multiplier (ie. 2x)

(2) Multi-Stock Events Involving Twenty or More Securities. During Multi-Stock Events involving twenty or more securities the number of affected transactions may be such that immediate finality is necessary to maintain a fair and orderly market and to protect investors and the public interest. In such circumstances, the Exchange may use a Reference Price other than consolidated last sale. With the exception of those securities under review that are subject to an individual security trading pause pursuant to Rule 7.11(a)(i) as described in paragraph (c)(4) below, and to ensure consistent application across market centers when this paragraph is invoked, the Exchange will promptly coordinate with the other market centers to determine the appropriate review period, which may be greater than the period of five minutes or less that triggered application of this paragraph, as well as select one or more specific points in time prior to the transactions in question and use transaction prices at or immediately prior to the one or more specific points in time selected as the Reference Price. The Exchange will nullify as clearly erroneous all transactions that are at prices equal to or greater than 30% away from the Reference Price in each affected security during the review period selected by the Exchange and other markets consistent with this paragraph.

(3) *Additional Factors.* Except in the context of a Multi-Stock Event involving five or more securities, and individual security trading pauses pursuant to Rule 7.11(a)(i) as described in paragraph (c)(4) below an Officer may also consider additional factors to determine whether an execution is clearly erroneous, including but not limited to, system malfunctions or disruptions, volume and volatility for the security, derivative securities products that correspond to greater than 100% in the direction of a tracking index, news released for the security, whether trading in the security was recently halted/resumed, whether the security is an IPO, whether the security was subject to a stock-split, reorganization, or other corporate action, overall market

Clearly Erroneous Review Requests

conditions, Opening and Late Session executions, validity of the consolidated tapes trades and quotes, consideration of primary market indications, and executions inconsistent with the trading pattern in the stock. Each additional factor shall be considered with a view toward maintaining a fair and orderly market and the protection of investors and the public interest.

(4) *Individual Security Trading Pauses Pursuant to Rule 7.11(a)(i)*. For purposes of this paragraph, the phrase "Trading Pause Trigger Price" shall mean the price that triggered a trading pause pursuant to Rule 7.11(a)(i). All trading pauses triggered with respect to securities defined in Rule 7.11(a)(ii) and (iii) shall be reviewed under the same provision of Rule 128 as non pause-triggered events. The Trading Pause Trigger Price reflects a price calculated by the primary listing market over a rolling five-minute period and may differ from the execution price of a transaction that triggered a trading pause. In the event a primary listing market issues an individual security trading pause pursuant to Rule 7.11(a)(i), and regardless of whether the security at issue is part of a Multi-Stock Event involving five or more securities as described in paragraphs (c)(1) and (c)(2) above, the Exchange shall utilize the Trading Pause Trigger Price as the Reference Price for any transactions that trigger a trading pause and subsequent transactions occurring before the trading pause is in effect on the Exchange. The Exchange will rely on the primary listing market that issued an individual security trading pause to determine and communicate the Trading Pause Trigger Price for such security. Notwithstanding the discretion otherwise provided by the first sentence of paragraph (g) below, the Exchange shall review, on its own motion pursuant to paragraph (g), transactions that trigger a trading pause pursuant to Rule 7.11(a)(i) and subsequent transactions occurring before the trading pause is in effect on the Exchange. In connection with the review of transactions pursuant to this paragraph, the Exchange will apply the Numerical Guidelines set forth in paragraph (c)(1) above other than the Numerical Guidelines applicable to Multi-Stock Events. In conducting this review, and notwithstanding anything to the contrary contained in paragraph (c)(1), where a trading pause was triggered pursuant to Rule 7.11(a)(i) by a price decline (rise), the Exchange will limit its review to transactions that executed at a price lower (higher) than the Trading Pause Trigger Price.

(d) *Outlier Transactions*. In the case of an Outlier Transaction, an Officer may at its sole discretion, and on a case-by-case basis, consider requests received pursuant to subsection (b) of this Rule after 30 minutes, but not longer than sixty minutes after the transaction in question, depending on the facts and circumstances surrounding such request.

(1) "Outlier Transaction" means a transaction where:

(A) the execution price of the security is greater than three times the current Numerical Guidelines set forth in Paragraph (c)(1) of this Section, or

(B) the execution price of the security in question is not within the Outlier Transaction parameters set forth in Paragraph (d)(1)(A) of the Section but breaches the 52-week high or 52-week low, the Corporation may consider Additional Factors as outlined in 7.10(c)(3), in determining if the transaction qualifies for further review or if the Corporation shall decline to act.

(e) *Review Procedures*.

(1) *Determination by Officer*. Unless both parties (or party, in the case of a cross order or an order entered into the Corporation's Portfolio Crossing Service) to the disputed transaction agree to withdraw the initial request for review, the transaction under dispute shall be reviewed, and a determination shall be rendered by the Officer. If the Officer determines that the transaction is not clearly erroneous, the Officer shall decline to take any action in connection with the completed trade. In the event that the Officer determines that the transaction in dispute is clearly erroneous, the Officer shall declare the transaction null and void. A determination shall be made generally within 30 minutes of receipt of the complaint, but in no case later than the start of Core Trading on the following trading day. The parties shall be promptly notified of the determination.

Clearly Erroneous Review Requests

(2) *Appeals.* If an ETP Holder affected by a determination made under this Rule so requests within the time permitted below, the Clearly Erroneous Execution Panel ("CEE Panel") will review decisions made by the Officer under this Rule, including whether a clearly erroneous execution occurred and whether the correct determination was made; provided however that the CEE Panel will not review decisions made by an officer under subsection (f) of this Rule if such Officer also determines under subsection (f) of this Rule that the number of the affected transactions is such that immediate finality is necessary to maintain a fair and orderly market and to protect investors and the public interest, and further provided that with respect to rulings made in conjunction with one or more additional market centers, the number of the affected transactions is similarly such that immediate finality is necessary to maintain a fair and orderly market and to protect investors and the public interest and, hence, are also non-appealable.

(A) The CEE Panel will consist of the NYSE Arca Equities Chief Regulatory Officer ("CRO"), or a designee of the CRO, and representatives from two (2) ETP Holders.

(B) The Exchange shall designate at least ten (10) ETP Holder representatives to be called upon to serve on the CEE Panel as needed. In no case shall a CEE Panel include a person related to a party to the trade in question. To the extent reasonably possible, the Exchange shall call upon the designated representatives to participate on a CEE Panel on an equally frequent basis.

(3) A request for review on appeal must be made via e-mail within thirty (30) minutes after the party making the appeal is given notification of the initial determination being appealed. The CEE Panel shall review the facts and render a decision as soon as practicable, but generally on the same trading day as the execution(s) under review. On requests for appeal received between 3:00 ET and the close of trading in the Late Trading Session, a decision will be rendered as soon as practicable, but in no case later than the trading day following the date of the execution under review.

(4) The CEE Panel may overturn or modify an action taken by the Officer under this Rule. All determinations by the CEE Panel shall constitute final action by the Corporation on the matter at issue.

(5) If the CEE Panel votes to uphold the decision made pursuant to Rule 7.10(e)(1), the Exchange will assess a \$500.00 fee against the ETP Holder(s) who initiated the request for appeal.

(6) Any determination by an Officer or by the CEE Panel shall be rendered without prejudice as to the rights of the parties to the transaction to submit their dispute to arbitration.

(f) *System Disruption or Malfunctions.* In the event of any disruption or a malfunction in the operation of any electronic communications and trading facilities of the Corporation in which the nullification of transactions may be necessary for the maintenance of a fair and orderly market or the protection of investors and the public interest exist, the Officer, on his or her own motion, may review such transactions and declare such transactions arising out of the operation of such facilities during such period null and void. In such events, the Officer of the Corporation or such other senior level employee designee will rely on the provisions of Section (c)(1)-(3) of this Rule, but in extraordinary circumstances may also use a lower Numerical Guideline if necessary to maintain a fair and orderly market, protect investors and the public interest. Absent extraordinary circumstances, any such action of the Officer pursuant to this subsection (f) shall be taken within thirty (30) minutes of detection of the erroneous transaction. When extraordinary circumstances exist, any such action of the Officer must be taken by no later than the start of Core Trading on the day following the date of execution(s) under review. Each ETP Holder involved in the transaction shall be notified as soon as practicable, and the ETP Holder aggrieved by the action may appeal such action in accordance with the provisions of subsection (e)(2)-(4).

Clearly Erroneous Review Requests

(g) *Officer Acting On Own Motion.* An Officer, acting on its own motion, may review potentially erroneous executions and declare trades null and void or shall decline to take any action in connection with the completed trade(s). In such events, the Officer of the Corporation or such other senior level employee designee will rely on the provisions of Section (c)(1)-(4) of this Rule. Absent extraordinary circumstances, any such action of the Officer shall be taken in a timely fashion, generally within thirty (30) minutes of the detection of the erroneous transaction. When extraordinary circumstances exist, any such action of the Officer must be taken by no later than the start of Core Trading on trading day following the date of execution(s) under review. When such action is taken independently, each party involved in the transaction shall be notified as soon as practicable by the Corporation, and the party aggrieved by the action may appeal such action in accordance with the provisions of subsection (e)(2)-(4) above.

(h) *Trade Nullification for UTP Securities that are Subject of Initial Public Offerings ("IPOs").* Pursuant to SEC Rule 12f-2, as amended, the Corporation may extend unlisted trading privileges to a security that is the subject of an initial public offering when at least one transaction in the subject security has been effected on the national securities exchange or association upon which the security is listed and the transaction has been reported pursuant to an effective transaction reporting plan. A clearly erroneous error may be deemed to have occurred in the opening transaction of the subject security if the execution price of the opening transaction on the Corporation is the lesser of \$1.00 or 10% away from the opening price on the listing exchange or association. In such circumstances, the Officer shall declare the opening transaction null and void or shall decline to take action in connection with the completed trade(s). Clearly erroneous executions of subsequent transactions of the subject security will be reviewed in the same manner as the procedure set forth in (e)(1). Absent extraordinary circumstances, any such action of the Officer pursuant to this subsection (h) shall be taken in a timely fashion, generally within thirty (30) minutes of the detection of the erroneous transaction. When extraordinary circumstances exist, any such action of the Officer must be taken by no later than the start of Core Trading on the day following the date of execution(s) under review. Each party involved in the transaction shall be notified as soon as practicable by the Corporation, and the party aggrieved by the action may appeal such action in accordance with the provisions of subsection (e)(2)-(4) above.
